

Search Engine Optimization (SEO)

Using Room 58's industry expertise to deliver measurable results

WHY IS SEO IMPORTANT?

SEO drives online traffic

SEO is a great way to drive more traffic to your site to help you sell more bikes. Optimization helps by making your site as easy to find as possible and promotes your dealership's profile online.

It's quantifiable

Every month, we evaluate and analyse your site's online presence. This includes it's visitor numbers, visibility on search results pages, usability and performance, then present our findings.

Builds trust

Enhancing credibility involves boosting site visibility and trust through organic links and positive user engagement. We work to establish a high-authority trust flow to enhance the credibility on your website.

Involves continuous improvement

SEO optimisation is a ongoing process, Room 58 uses it's findings and monitors algorithm changes to constantly improve your site and help you to rank higher than your competitors.

(prices shown are per month)

PAY PER CLICK ADVERTISING (PPC)

Use PPC to reach potential customers who are actively looking to buy your products and services with PPC and enhance your ROI.

PPC costs are determined by your Search Engine Marketing (SEM) budget.

Room 58 research the relevant keywords and competition within a dealership's area, then set a recommended budget.

A one-time set up fee of \$300 is charged and a 20% strategy fee is then calculated from the SEM budget.

Example budget of \$2000

Initial set up fee	\$300.00
Strategy fee	20% of Budget - \$400
Features	<ul style="list-style-type: none">• Basic Package• Social Media Adverts• YouTube Adverts
